Our Members are Our Greatest Strength

INTRODUCING ACCA

Thank you for considering membership with the Alberta Continuing Care Association (ACCA)!

The ACCA is a non-profit, voluntary organization and the leading voice of continuing care in Alberta. We are a unique alliance of:

- Non-profit, faith-based, and private owners/operators of home care, supportive living, and long term care services.
- Providers of quality products and services that support continuing care.

ACCA brings diverse members and partners together to share knowledge, plan, and take action on key challenges, driving meaningful improvements in care for Albertans. Through collaboration, we work toward a stronger, more sustainable, and client-centered care system.

As the leading voice for advancing excellence and innovation in continuing care, we:

- ✓ Advocate for our members by communicating their issues and ideas to key decision-makers.
- ✓ Share knowledge and best practices in collaboration with associations and organizations across Alberta and Canada.
- ✓ Promote and support our members, whether by marketing their services or celebrating their achievements.
- ✓ Proactively address and communicate issues that impact you.

Since 1981, we have been an active, influential voice for our members, and we are confident we will continue to lead in advancing excellence in continuing care - today and in the future. Our voice is stronger together!

“The ACCA has been bringing organizations together to share best practices and this has always been great. It proves to be advantageous in growing and strengthening our position together.”

JOHN KOPECK, PRESIDENT & CEO

OUR VALUES

Integrity

Our words and commitments are consistently aligned with our actions.

Accountability

We acknowledge and assume responsibility for the actions, decisions, and policies we undertake.

Collaboration

We affirm that collective effort can lead to greater achievement, far beyond what is possible by acting alone.

Growth

We aspire to help our members grow in knowledge, capability, and capacity in serving Albertans requiring Continuing Care.

Credibility

We are committed to building partnerships with our members, government, the public, and stakeholders based on a strong foundation of trustworthiness, expertise, and reliability.
